

Automated Collection with 96-gallon Carts Coming Soon

Dear Town of Monroe Resident,

WM will begin using automated trucks for trash collection. These trucks use automatic lifting arms to empty carts, making collection efficient and safer for your community and our drivers.

One 96-gallon cart will be delivered to each residence at no additional charge. Please begin using your cart as soon as you receive it.

With automated collection, all materials must fit inside the WM trash cart with the lid firmly closed - no extra bags, materials outside the cart, or resident-owned containers will be collected.

WM is excited to provide the residents of Monroe with automated collection.

See the back side for more information.

Important Cart Placement Information

Once you receive your cart, use only the WM 96-gallon cart for trash. No materials outside the cart or resident-owned containers will be collected. Your trash will continue to be picked up weekly on your regular service day.

Proper cart placement for automated collection

Remember to place your carts at least 3 feet apart and 3 feet away from any obstacles (trees, cars, mailboxes, etc.) to allow the automatic arm to lift and empty the cart. Place wheels of cart toward house.

Trash cart with green lid - bag and tie trash inside your trash cart. No materials outside the cart will be collected.

Have your carts at the curb the night before or **no later than 6:00 a.m.** on your collection day.

Need an extra cart?

For just \$8.50 per month, you can rent an additional cart. Contact WM at (866) 797-9018.
